

IGBMC

international
PhD programme

APPLICATIONS

From January 31st, 2018
to March 21st, 2018 (noon, Paris time)

Institute of Genetics and Molecular and Cellular Biology

STRASBOURG - FRANCE

a cosmopolitan city, in the heart of Europe

PROGRAMMES

Development & stem cells

- Stem cell fate, organogenesis & metabolism
- Cell physics & developmental biology
- Cell cycle & genome integrity

Integrated structural biology

- Drug design
- Mechanisms of transcription
- Translation & signaling

Translational medicine & neurogenetics

- Brain & muscle diseases
- Mechanisms of diseases
- Therapeutic research

Functional genomics & cancer

- Gene expression regulation
- Epigenetics & computational biology
- Mechanisms & pathways of cancer
- Nuclear receptor signaling

250
publications/year

110 PhD
students

47
nationalities

**Outstanding
core facilities**
